Instructions for ordering STANDARD A-Frame signs:

1. Go to www.tssphotography.com/mm (mm stands for marketing materials). Click on the “Order Marketing Materials” link. Select the “Large Materials” tab. Go to the A-Frame Standard Signs products, and add the ones you want to your cart. You can complete your order and pay with a credit card online. You will receive an order confirmation via email once the order has been placed.

Instructions for ordering CUSTOM A-Frame signs:

1. Do the same steps as above to view the signs that are available for customizing. Please provide detailed instructions, images, code # of poster from online, and changes to the existing artwork to Karen Botwinik with our TSS Graphic Design Team at kbotwinik@tssphotography.com. She will make changes, provide a proof and coordinate production once approved. All art/production time for custom work will be billed to your CCS Acct. at our normal \$60/hour rate. The more you can provide upfront with images, detailed direction, etc. the better your cost.
