OUR YEARBOOK SPECIALISTS ARE READY

to help you complete your yearbooks! Get to know them... this is Todd.

My photography knowledge combined with School Annual's yearbook options makes me your perfect go-to person to help you provide a successful yearbook program for your schools. I graduated from Penn State with a BFA in Photography, and had my own studio specializing in School Portraits, senior, family and business portraits, weddings, sports and commercial photography before joining School Annual. While owner of Mountain View Studios, I photographed the State College Area School District, which consists of over 2,750 students.

A little more about what I'm passionate about... I love Bob Marley and reggae music, travel photography, and time with my family. Some of my best memories are the ones spent coaching my kids in baseball and football (but now they are too old for that). I absolutely love Penn State football (well, all PSU sports) and all Philadelphia sports teams too! The latest addition for me in sports, Mud Runs. It's crazy, but I've completed 9 mud runs with more to come in the future.
